How It Works!

How It Works!

Magic Matrix is an advertising program that rewards advertisers with rebates and advertising credits when they cycle. Promoting the site is the best way to succeed at Magic Matrix. All our matrices are company forced, which means there is spillover and sponsoring is not required. However, if you wish to cycle faster, recruiting paid referrals is always the best way to insure the site is successful.

We have 8 matrices here at Magic Matrix. You can buy a position in any of them at any time. you can buy more than one position as well. For each purchase you get a package of advertising credits, text ad credits and banner ad credits. Be sure and use these to promote your other sites. Our ads are seen here and also on a network of other sites. This is a great value for you.
